Heat/Flight Seeding

When registering your athletes, please estimate reasonable marks to ensure proper seeding.

Although the Medley Relay event is being contested for the smaller classifications as a state qualifying opportunity for them, all schools are welcome to run a medley relay team. **The Medley Relay will be counted as a scoring event and contribute to the Team Point total.**

Field events preliminary rounds will be seeded into flights with the top seeded athletes in the final flight. The top 9 athletes in preliminary rounds will qualify for finals, which should be contested approximately 15 minutes after the conclusion of the final preliminary flight. No substitutions or replacements will be made for athletes who qualify for finals, but scratch, or do not intend to compete in the Final. If an athlete does not report to the final within 10 minutes of it being announced, the Final flight will begin, and their additional 3 attempts in the final will be forfeited.

Field Event Competition & Hog-lines

Field event implements may begin checking and weighing implements with the weigh master at 10:30am. Competition in the field events will begin at 11:30am. Pole Vault Pits will be open for warmups at 10:30am. Competition begins promptly at 11:30. In the interest of time, boys and girls will compete together, but will be scored separately.

Field Event Officials will mark **the first legal attempt**, even if the mark does not reach the hog-line (minimum mark). After the first legal attempt, any additional attempts must reach the designated minimum distance to be measured.

Spectators & Team Camp Locations

Due to limited space in the facility for athletes to warm-up, absolutely NO PARENTS OR SPECTATORS will be allowed on the in-field. Please set up camp & place your canopies in the designated places within the facility.

Spectators & Team Camp Locations

Athlete drop-off and Bus parking will take place in the parking lot just south of the football stadium.
